

### **Summer Holiday Clubs**

The sun is out and we are excited to announce **Science Oxford's Summer Holiday Clubs** this August, for young explorers aged 7-11! At 'Tech, Trees, and Tomorrow', curious kids will embark on hands-on technology projects, woodland adventures, and science investigations at the amazing Science Oxford Centre. They'll learn about the impact of climate change, design their own investigations and create artwork using high-tech tools like laser cutters. Join us for a tech-filled, project-focused adventure where curiosity and innovation lead the way! Activities include interactive sessions in the Exploration Zone, woodland and outdoor Water Lab. Places are limited, so don't delay.

*5-7 August OR 12-14 August, 9am-3.30pm, £170 includes lunch.  
Unaccompanied; wrap-around care available from 8.30am-4pm.*

### **Summer STEM Clubs**

Check out our sizzling STEM Clubs this summer for curious kids age 5-12! At Science Club, solve a crime 'Silent Witness' style at Crime Scene Science (31 May or 14 June in Abingdon, ages 5–9); or, experiment with Sun Power with sun prints and solar-powered creations (21 June). Join Oxfordshire Beekeeper's Association for a hive of activities at Nature Club: Bee Day (17 May, ages 5-9); or, come Pond Dipping and discover an amazing aquatic eco-system above and below the water (28 June).

*STEM Clubs run monthly on Saturdays at the Science Oxford Centre in Headington at 10am, 12.30pm or 3pm and include all-day access to the woodland and outdoor Water Lab (April-October).*
